

Pharmacy Fridge trading as Forward Planning & Design, supply a wide range of fridges meeting the specifications of the healthcare industry. To buy simply add your required product to the shopping cart and submit your order.

Modern pharmaceuticals need to be stored at exact temperatures. LEC pharmacy refrigerators have been designed to maintain an internal air temperature between +2°C and +8°C with an audio/visual alarm system that activates upon higher or lower temperatures. They are fully lockable to prevent unauthorised access and to ensure that all medication remains secure.

Are you storing your vaccines correctly? Recent research has shown an alarming level of use of domestic refrigerators to store vaccines. Did you know that not only can this damage the effectiveness of the vaccines it also poses a security risk for medicines that should be locked away?

Add Cart

Including UK VAT £822.49

Family: Pharmacy refrigerator
Height: 850 mm
Width: 600 mm
Depth: 630 mm
Fridge Capacity: 143 litres
Freezer Capacity: n/a

Colour: White
Refrigerant: R600a
Unpacked weight: 39kg
Packed weight: 43kg
Storage shelves/Baskets: 2/1
Defrost Method: Automatic

Features

- Digital temperature control with MAX/MIN memory for continuous monitoring
- Forced-air cooling for even temperature distribution, optimum stability and recovery after door openings
- Environmentally friendly CFC, HCFC and HFC free refrigeration system & insulation using R600a refrigerant
- Quiet technology - tangential fan
- Maintains internal air temperature between +2°C and +8°C
- Lockable door supplied with two keys
- Audio/visual alarm signal on temperature deviation, with remote alarm terminals providing mains failure alarm signal
- Reversible door with full length handle for ease of opening
- Hygienic easily cleaned impact resistant white plastic interior walls
- Energy efficient product design delivering lower energy costs
- Designed for efficient and effective operation in high ambient temperatures up to 32°C
- Adjustable feet for levelling and rear rollers for easy positioning
- Options - available upon request

Options

- Lockable castors available, increases cabinet height by 50mm

Frequently Asked Questions

To request prices or if you have any questions please feel free to [contact us](#).

Alternatively please submit the enquiry form and we will contact you within 24 hours.

Q. How can I call you in an emergency?

A. The office telephone number is noted bottom right. However it is only Monday - Friday, from 9.00 am to 5.00 pm and all other time we are available via emails or feedback forms.

Q. What should I do if I am not sure about any aspect of my requirements?

A. Please use the enquiry form page and let us know how we can help.

Q. How long have you been in business?

A. Our family business has supplied equipment since 1994, and have been delivering outstanding product prices as well as great customer service since then.

Q. When will my products arrive?

A. The arrival date of your product will vary depending on the product and model you select and your place of residence. If in stock, most products are delivered in 4-7 business days. However, larger units or special orders may have longer lead-time. We are normally able to fulfil 90% of orders within 14 days UK Mainland.

Q. Who would pay the freight for the return?

A. It is standard practice for the customer to arrange the return and we will pay for restock costs and freight charges back to the manufacture if it applies.

Q. What forms of payment do you take?

A. For your convenience, we accept Master Card, Visa, BACS and personal cheques. Please note if paying by cheques then your order may be delayed for up to one week to allow the funds to clear. Electronic Transfer of funds is much quicker and results immediate dispatch.

Q. Where is your company located?

A. Our sales offices are located on the outskirts of Leeds, England; price shown are for goods delivered to UK mainland however we service most European destinations with our mail order delivery service. We come to you, so you do not have to go anywhere!

Contact Us

To request a price or if you have any questions please feel free to contact us. Alternatively please submit the enquiry form and we will contact you within 24 hours.

All the enquiry form fields are optional, but please provide us with as much information as possible so we can quote more accurately.
